

Enhance Your Production with a Manufacturing Partner, Not Another Supplier.

Capabilities:

- 16 STAR Swiss CNC lathes (20mm thru 38mm)
- Size range from 1/16" to 1-1/2" (0.0625 to 1.5"/~1.5mm to 38mm)
- Machine virtually any material up to 1.5" diameter
- We offer Wire EDM, Laser Marking, and Assembly Services

Materials:

- 17-4 PH
- 300 & 400 stainless steel
- Aluminum
- Brass
- Bronze
- Copper and many copper-based alloys
- Inconel Monel and various other high-temperature materials
- Magnesium
- Nickel and Nickel based alloys
- Plastics
- Titanium
- Tool steels
- Various carbon and alloy steels

Certifications:

Type 10 FFL
Class 2 SOT
